PROFESSIONAL SUMMARY

Frontend-leaning Full-Stack Developer with hands-on experience building responsive, production-ready web applications. Strong focus on crafting intuitive user interfaces using modern JavaScript frameworks, with working knowledge of backend development using Node.js to support scalable, end-to-end solutions. Collaborative, detail-oriented, and driven to deliver real-world impact.

EDUCATION

Bamidele Olumilua University of Science and Technology, Ikere-Ekiti, *B.Sc. Computer Science* 2022 – 2026 | Ekiti, Nigeria

- Strong foundation in programming, software development, and web technologies, with practical experience gained through coursework and projects.
- Relevant Coursework: Data Structures & Algorithms, Software Engineering, Web Development, Database Management Systems

EXPERIENCE

Theorox Technologies (Remote), *Web Developer* 09/2025 – Present | Ontario, Canada

- Delivered UI enhancements and resolved production bugs in a component-based frontend architecture.
- Collaborated with senior developers using Git workflows, pull requests, and code reviews.
- Improved interface consistency and usability across application modules.

AB InBev (Internship Project), *Frontend Developer* 09/2024 – 06/2025 | Banana Island, Lagos

- Built a responsive community platform enabling idea-sharing and employee collaboration.
- Developed reusable UI components using React and Tailwind CSS.
- Improved performance and accessibility, enhancing usability across devices.

ITMB, *Wordpress Developer* 06/2025 – 12/2025 | Lagos, Nigeria

- Built and customized responsive WordPress websites using Elementor.
- Translated client requirements into user-friendly layouts aligned with brand identity.
- Managed content updates, basic SEO, and performance optimization.

PENSIVE, *Web Developer Intern* 03/2023 – 02/2024 | Port Harcourt, Nigeria

- Contributed to internal web tools and responsive interfaces with strong attention to detail.

SKILLS

Frontend — React.js | Next.js | Angular | Vue.js | TypeScript | JavaScript | TailwindCSS | Bootstrap | HTML5 | CSS3, **Backend** — Node.js | Python Django | MySQL | Laravel, **Tools** — Git & GitHub | Figma | VS Code | Notion | WordPress

CERTIFICATIONS

Professional Foundations — ALX Africa

Frontend Development

Gained adequate frontend practices by solving challenges from the Frontend Mentor and building projects aswell

Backend Development

Scrimba Backend Development path

Web Architecture

The Open University

Fullstack Development (FullStack Open)

University of Helsinki
